Baseball & Softball Batting Cage and Backstop Netting

InCord's custom-built baseball batting cage netting and backstops cover so many configurations—from the backyard and little-league field to scholastic and major-league ball fields.

Spectator Safety Netting

InCord's specially fabricated netting barriers effectively protect fans and neighbors from being hit by flying baseballs and softballs. We help keep America's favorite sport safe and injury free!

Fencing, Crowd Control and Windscreens

InCord's net fencing helps your fans find their way around congested areas at a sporting event. Our netting provides major-league crowd control so enthusiastic spectators and tailgaters won't enter unauthorized areas.

Sports Debris Control Netting

InCord's specially designed debris control netting keeps falling or blowing debris out of the playing area. This reduces risk of injury to players and keeps your facility clean.

Replacement Netting

Do you already have a sports or recreational facility and simply need to replace, repair, or upgrade your current safety netting? We'll fabricate new replacement nets that fit correctly, make your facility look great, and protect your players, equipment and spectators from injury.

Overhead Bleacher and Concession Protection

Netting Specifications for M-1250

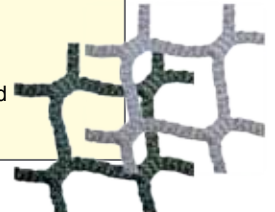

Style: Raschel Knotless Netting
 Fiber High Tenacity, Polypropylene (HTPP)
 Cord Diameter 1/8 inch (3 mm)
 Mesh Size 2 inch (50 mm) square opening
 Load Test, Max ... 1500 lb (650 kg)
 Weight 0.0303 lb/ft² (148 g/m²)
 Melting Point 320°F (160°C)
 UV Extra UV Stabilizers added
 Color* Black (-06) or White (-02)

* Other colors available on request

Netting Specifications for N-815

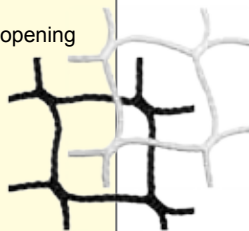

Style: Raschel Knotless Netting
 Fiber High Tenacity, Polypropylene (HTPP)
 Cord Diameter 3/16 inch (4.75 mm)
 Mesh Size 1-3/4 inch (45 mm) square opening
 Load Test, Max ... 6000 lb (2700 kg)
 Weight 0.080 lb/ft² (390 g/m²)
 Melting Point 320°F (160°C)
 UV Extra UV Stabilizers added
 Color* Black (-06) or White (-02)

* Other colors available on request

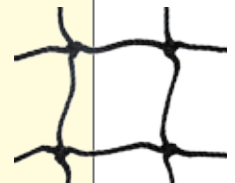

Netting Specifications for M-500

Style: Raschel Knotless Netting
 Fiber High Tenacity, Polypropylene (HTPP)
 Cord Diameter 3/32 inch (2.3 mm)
 Mesh Size 1-3/4 inch (45 mm) square opening
 Load Test, Max ... 500 lb (226 kg)
 Weight 0.0176 lb/ft² (86 g/m²)
 Melting Point 320°F (160°C)
 UV Extra UV Stabilizers added
 Color Black (-06) or White (-02)

Netting Specifications for N-361

Style: Knotted Netting
 Fiber High Tenacity, DuPont Nylon 6,6
 Cord Diameter #36 (2.5 mm)
 Mesh Size 1-3/4 inch (45 mm) square opening
 Mesh Break 381 lbf (1.70 kN)
 Weight 0.0385 lb/ft² (188 g/m²)
 Melting Point 455°F (235°C)
 UV Extra UV Stabilizers added
 Color Black, Latex Bonded
